

March / April 2024

Dear Guest

Embrace Radiant Skin This Autumn

As the leaves change and the air becomes crisper, it is time to give your skin the extra love and care it needs to thrive during the autumn season. At Koru Clinic we are excited to share some exclusive tips and offers to help you transition your skincare routine for autumn.

Autumn Hydration: Use a suitable nourishing moisturiser to counter the drying effects of cooler weather and consider adding a hydrating mask to your routine for an extra boost of moisture.

Protect & Heal: Incorporate serums and moisturisers with potent antioxidants to protect your skin from environmental stressors and help repair any summer sun damage.

Exfoliate & Renew: Gently exfoliate to remove built-up summer skin and promote a smoother, more radiant complexion.

Protect from the Sun: Even though the days may be cooler, UV rays can still harm your skin.

Special Autumn Offers.

1. **Tri-Glow Facial:** Treat yourself to a bespoke facial designed to replenish and revitalise your skin, addressing any post summer concerns and preparing it for the seasonal changes ahead.
2. **Skincare Packages:** Come and talk to us about our exclusive skincare packages, including curated sets of products tailored to meet your specific skin needs, such as, acne, pigmentation and redness or rosacea.
3. **Homecare:** Purchase your favourite cleanser, moisturiser and serum during the month of March and receive a *Lanazyme Exfoliator to the value of \$85 on us !!

Great skin takes commitment.

A COOL brand new product is being released mid March 2024.

This take home product is a game changer for dull, tired skin. We will also be offering it in clinic for the full effect of luxury ... watch this space

You Can Now Book Online

Our Senior Dermal Therapist has curated a bespoke selection of treatments that are designed to effectively address your cosmetic concerns as well as relax and rejuvenate.

Price increase from 1st April 2024.

It has been quite a number of years since Koru Clinic has needed to increase any costs. We aim to keep our professional service as cost effective as possible yet still make it possible to provide you with the quality you deserve.

This has meant a slight increase to \$220 for each skin cancer and mole check from 1st April 2024.

Any bookings made before this date will be honored at our existing price.

Thank you for your understanding

Thank you for your understanding.

We look forward to seeing you in clinic.

Warmest Regards
Koru Clinic Team,
Dr Jenny, Mannie & Jo
